Product Features and Benefits

• Eliminates vertical framing for a sleek, contemporary look
• Heavy-duty anodized roller track for long-lasting durability
• Low-profile bottom rail allows for a larger, unobstructed view
• Large urethane door rollers for smooth and long-lasting operation
• Belt drive and brushless motor system ensures silent and reliable operation
• Superior double-mohair thermal brush provides maximum isolation from outside elements
• Equipped with sensor systems that comply with ANSI 156.10 and promote reduced liability and increased safety
**GT1175 All Glass Automatic Sliding Doors**

The NABCO GT1175 All Glass Sliding Door eliminates vertical framing resulting in a sleek, contemporary look. The low-profile bottom rail allows a larger, unobstructed view that is perfect for enhancing an attractive lobby or well-manicured grounds. While elegant by design, the GT1175 All Glass Sliding Door is engineered to withstand challenging environment and weather conditions while maintaining smooth operation and quiet, whisper-like performance. NABCO's microprocessor control provides reliable door operation, important usage counts, and diagnostic features for quick troubleshooting and reduced maintenance costs, making this a seamless automatic door entrance solution.

### The GT1175 Slider Operator

Header cover is pre-wired for sensor installation and uses extra-thick aluminum extrusions to minimize deflection.

#### TECHNICAL INFORMATION

- **Operator drive**: Electro-mechanical
- **Drive system**: Belt drive
- **Motor type**: 1/4 HP (peak) brushless
- **Primary circuit protection**: Breaker
- **Controller**: Microprocessor
- **Breakout**: System disabled when panels break out
- **Operating voltage**: 120 VAC – 5 AMP
- **Auxiliary power output**: 12 VDC
- **Maximum door panel weight**: 600 lbs.
- **Switch modes**: On/off, 1-way, 2-way, hold-open, night
- **Opening and closing speed**: Adjustable
- **Reduced opening function**: Standard
- **Obstacle detection**: Available in both directions
- **Hold-open time**: Adjustable (0-67 seconds)

#### CODE COMPLIANCE / APPROVALS

- **Code compliance**: ANSI A156.10
- **Approvals**: UL, ULC and CSFM

### NABCO Service and Specifications

Along with the NABCO factory branches, NABCO has the largest independently owned network of automatic door distributors in North America. Their friendly, qualified installers and technicians always strive to exceed your expectations from install to after-sales service. NABCO’s factory branches and independent distributors provide AAADM-certified technicians to ensure your doors meet all ANSI A156.10 standards.

Complete three-part specifications and CAD drawings are available on the NABCO website.
