## TECHNICAL BULLETIN

Date: October 17, 2018

Who is the contact?
Technical Support Department

## **Opus Instructional Videos**

NABCO has added some more short instructional videos to our website. These videos, usually only a couple minutes long, provide information such as basic wiring and basic programming of NABCO products.

Amongst others, some videos recently added are:

- Opus Using the rotary dial
- Opus Base settings for a swing door
- Opus Connecting mode switches
- Opus Navigating top level screens
- Opus Wiring and configuring for electric lock

Over time, more videos will be added covering most common scenarios over a variety of NABCO products.

## To view these videos:

1. Go to NABCO's website:

NABCOEntrances.com

- Click on "<u>Distributor Portal</u>" and log in.
   If you don't currently have login credentials, click on
   "<u>Request Access</u>" and fill in the form. Once accepted, you will receive an email with your login info.
- 3. Once logged in, on the distributor resources page, click on "Support". The next page that opens contains the videos.

Or
