## NABCO Technical Training

# Don't Open Your Door to Strangers !

## Use Only NABCO Trained and Certified Technicians

**NABCO Entrances Inc. offers  
Certified Technical Training Program**

### Three levels of certification:

1. Certified Technician
2. Certified Journeyman
3. Certified Master Journeyman

*Re-certify only once every three years to retain status. Persons with existing certification do not lose their status*

### *Advantages*

1. Enjoy minimal call-backs
2. Benefit from improved customer satisfaction
3. Become known as a quality service provider
4. Improve your bottom line with efficient workmanship & technical competence
5. You get factory trained and qualified technicians that can be counted on to get the job done right the first time
6. Your technicians get a progressive structured factory endorsed curriculum with a focus on "hands on" training on the latest products

### **Available Certification Levels**

***Certified Technician***

***Certified Journeyman***

***Certified Master Journeyman***

## FAQ's

### Is this a new program?

Yes, this is a updated popular program starting 2022

### I took Certified training in the past and have already achieved one of the three levels. Do I need to retake all courses again?

No, you will continue to maintain your status for three years from the date of certification. Recertification involves simply taking and passing your last level over again.

### Where can I attend a course?

Courses will be offered twice a year at various locations

### Can I choose which certification I want?

No, certifications are awarded on a graduated scale. You must advance through levels 1 and 2 to achieve level 3. Advancement through each level is conditional on the successful completion of the previous level.

### What is involved in getting certified?

Courses are approximately four to eight hours long. Training is 40% book based and 60% hands on. A final exam must be written and passed at the end of each course.

### What are the costs?

The cost to attend and get certified is \$100.00 US/level. An exam is administered at the end of each course. Upon failure, an exam may be re-written one more time for each course. Subsequent attempts will require retaking the course over again.

### I'm interested, who can I contact?
