Superior Performance, Custom Solutions, Enhanced Safety

NABCO understands that in healthcare, every second matters. That's why NABCO provides industry-leading automatic door solutions that enhance safety, hygiene, and accessibility in hospitals, clinics, and care facilities. Our factory-trained technicians specialize in healthcare environments—delivering fast, code-compliant installations with minimal disruption. With regional service branches across North America, NABCO provides responsive, ongoing support to keep your facility operating safely and efficiently.

ADA Compliant Swing Door Operators

- Perfect for automating nearly any new or existing healthcare facility door including: fire doors, exam rooms, and restrooms
- Optional touch-free activation for improved hygiene

Hermetic Surface Applied Sliding Doors

- Designed for high-level hygiene control applications
- Low-profile, sleek design, and full-open convenience
- Ideal for Operating Rooms & Radiotherapy Rooms

ICU & CCU Automatic & Manual Doors

- Wide, clear openings for moving hospital beds
- Highly customizable options including: single, bi-part, telescopic, automatic, and manual operation

High-quality Automatic Sliding Doors

- Built tough to withstand challenging environmental and usage conditions.
- Single and bi-part, telescopic, and other configurations available for specialized applications
